

Local farm seeking an intern for the fall/spring.

Native Sun Farm is a Certified Naturally Grown vegetable farm located 15 minutes from UGA in Bogart, Georgia.

YOU: Willing to accept extreme heat, cold and wet weather, able to perform a variety of tasks, some of which are repetitive. Hard working and enthusiastic. Previous experience with vegetables is preferred.

US: Graduates of UGA in horticulture and landscape architecture. Serious about sustainable agriculture and excited to share our knowledge and experience with the next generation of farmers.

Internship would qualify for requirements for a number of undergraduate degrees. Minimum of 10 hours a week. Weekly produce box provided and definite potential for future employment with our growing operation.

Contact Native Sun via email at nativesunfarm@gmail.com. Please include a resume and a cover letter explaining your interest in sustainable farming.
