Organic Research Farm Student-Worker Position, Fall 2015

Start date: September

Pay and hours: @8-10 hrs/week ($10/hr.)
  Tues. and Thursday mornings

Location: UGA-Horticulture Farm, 1221 Hog Mtn. Rd.,
  Watkinsville, GA 30677
  (*must have own transportation to and from the farm station
  located 10 minutes from main campus).

Applicant preferences: CAES students, horticulture majors or
  those with farming experience preferred but all will be
  considered.

Duration: At least 1 semester with potential to continue
  through the spring.

Job Description: Organic farm student-worker(s) will assist
  with the general maintenance and landscape upkeep of the
  Organic Research Unit at the Horticulture Farm in
  Watkinsville, GA. Workers will gain experience in many
  aspects of organic farming including the use of tractors and
  organic food production techniques in the field and
  greenhouses. Workers will also be exposed to UGA organic
  research projects taking place at the station.

Contacts: If interested in applying, please email a current
  resume with references and your time availability to Dr.
  Suzanne O'Connell (soco@uga.edu).
