West Broad Farmers Market Intern Opportunity

We are a nonprofit 501(c)(3) organization whose mission is to encourage cohesive communities by conserving land and natural resources, providing sustainable affordable housing, and supporting local agriculture.

We are currently in search of enthusiastic interns to support our West Broad Farmers Market Program.

Our Farmers Market is a community-driven, education-oriented, weekly farmers market that supports local economic development & community wellness.

Our goals include:
- Develop new food-based entrepreneurs and build a neighborhood-based economy in the Hancock Corridor community
- Expand access to and consumption of healthy foods
- Serve as an additional retail outlet for under-served farmers and small food-based business owners
- Serve as a community resource and gathering space for the Hancock Corridor community
- Serve as a model and demonstration site for the county and region while providing an additional source of fresh, affordable produce.

Interns would support the following functions of the Market:
- public relations and promotion
- sponsor recruiting and relations
- vendor support
- market basics such as set up and break down
- educational programming
- volunteers

The ideal candidate would be organized, passionate and creative. Candidates must be comfortable working in a diverse group setting and possess exceptional interpersonal skills. Previous experience with event planning, donor relations, community agriculture or marketing is a plus but not mandatory.

Internships available for Spring semester but the Market begins May 2nd so immediate placement is available.

If you think you would make a great part of the Land Trust Team please contact:
